Dixon, IL – The Illinois Department of Transportation announces today that construction work will be starting on Monday, March 27, 2017 on IL 26 north of the Lee/Bureau County line north of Ohio. Martin & Co. Excavating will be finishing the project to replace four culverts on the four mile section of IL 26 between Union Road and Easy Road.

Last fall the contractor removed and replaced two culverts on the \$2.2 million project. Work is now beginning to replace the other two structures.

Traffic will be restricted to one lane and controlled by traffic signals at the two culvert replacements. Drivers should be prepared to stop for the temporary signals.

The project is scheduled to be completed by the end of July.

Please slow down and use extreme caution while driving through all work zones.
